

Who is part of your collaborative team?

Thelma the Therapist thinks.....

Questions to Consider to Help Assemble your Team

- Who are other mental health providers in my community/organization who should participate?
- Who are key leaders within my region that help ensure children receive appropriate services?
- Who are members of a multi-disciplinary team that could be brokers of service to help triage families into service?
 - Children's Division
 - Guardian ad litem
 - CASA workers
 - Health Professionals
 - Advocates
 - School Staff
- What relationships or partnerships, if strengthened, would result in a better delivery of service to children and families impacted by trauma in my community?
- Are there pre-existing collaborative relationships to build upon for this Learning Collaborative?
- Are there geographic regions where there are gaps in service provision? Could those gaps be addressed by the training incorporated into this Collaborative?
